SEPTEMBER 2026

01 Foundations

Getting grounded in Claude, the platform, and collaborative workflows.

COMPLETED

A circular badge with an orange background. The text "COURSE COMPLETION BADGE" is curved along the top. In the center is a logo of two overlapping circles. Below the logo, the text "Claude 101" is prominently displayed, followed by "Presented to Srinivas" in a smaller font. At the bottom left is the "Claude Academy" logo, and at the bottom right is the date "ISSUED SEPTEMBER 8, 2026".

Claude 101

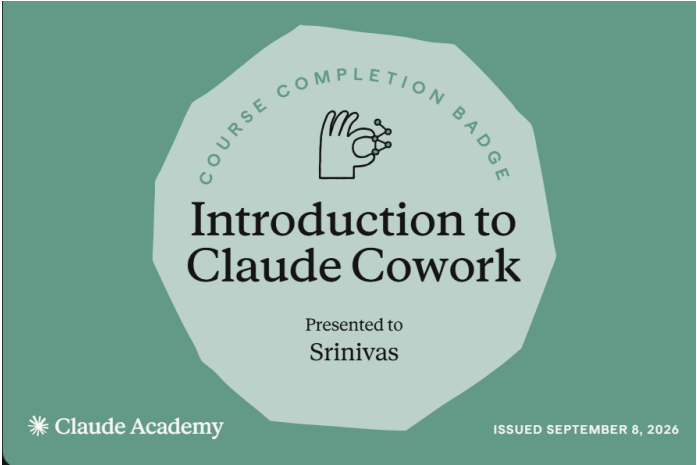

COMPLETED

A circular badge with an orange background. The text "COURSE COMPLETION BADGE" is curved along the top. In the center is a logo of a gear with code symbols "</>". Below the logo, the text "Claude Platform 101" is prominently displayed, followed by "Presented to Srinivas" in a smaller font. At the bottom left is the "Claude Academy" logo, and at the bottom right is the date "ISSUED SEPTEMBER 8, 2026".

Claude Platform 101

COMPLETED

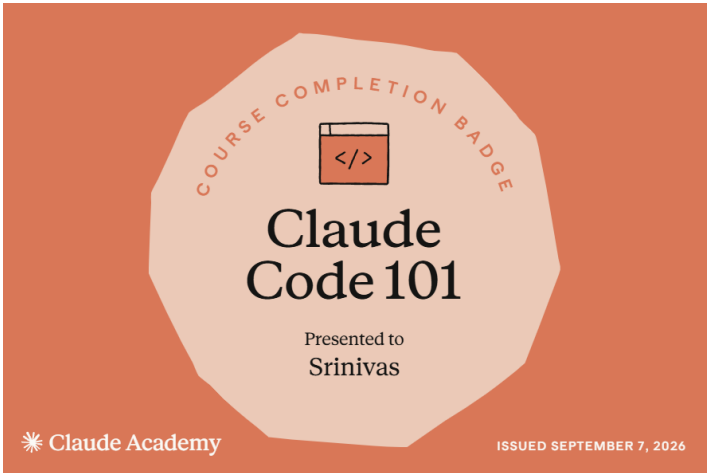

A circular badge with a teal background. The text "COURSE COMPLETION BADGE" is curved along the top. In the center is a logo of a hand holding a brain. Below the logo, the text "Introduction to Claude Cowork" is prominently displayed, followed by "Presented to Srinivas" in a smaller font. At the bottom left is the "Claude Academy" logo, and at the bottom right is the date "ISSUED SEPTEMBER 8, 2026".

Introduction to Claude Cowork

02 Claude Code

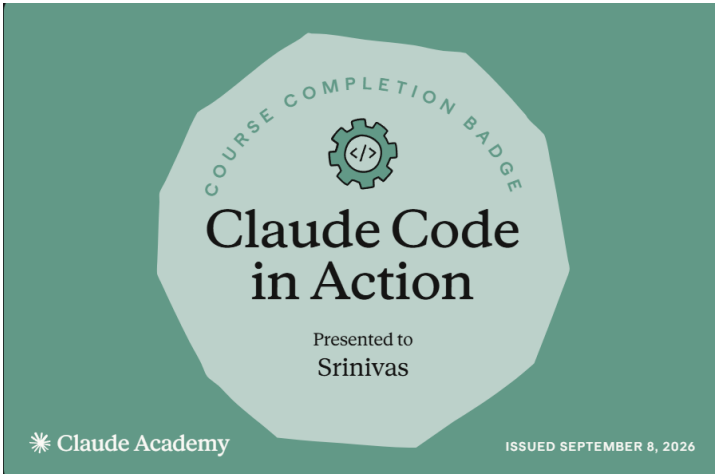

From the basics to practical coding workflows.

COMPLETED

Claude Code 101

COMPLETED

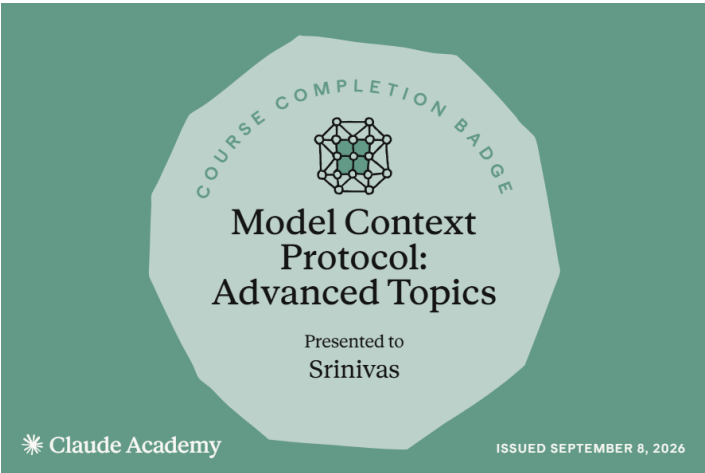

Claude Code in Action

03 MCP + Agentic Work

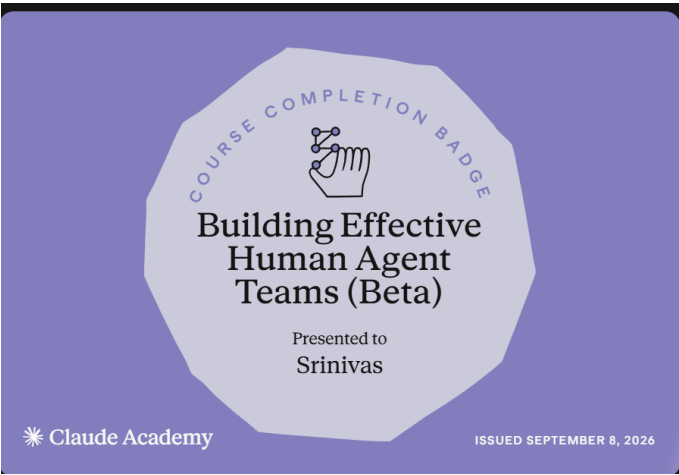

Connecting models, context, tools, and human-agent collaboration.

COMPLETED

Model Context Protocol: Advanced Topics

COMPLETED

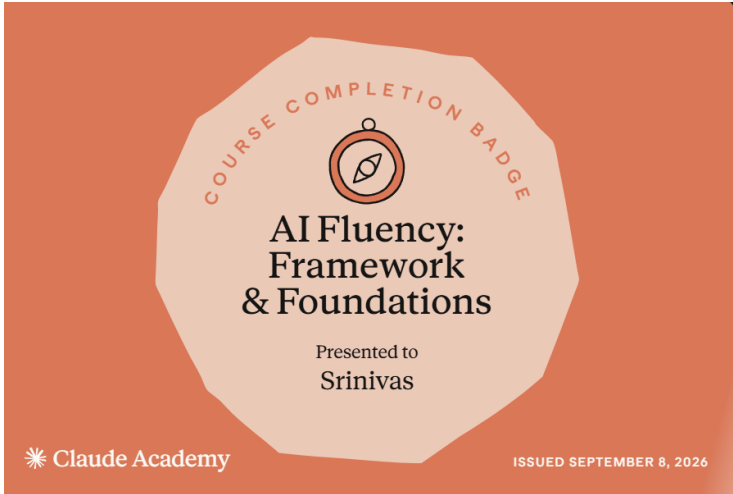

Building Effective Human Agent Teams (Beta)

04 Responsible + Enterprise AI

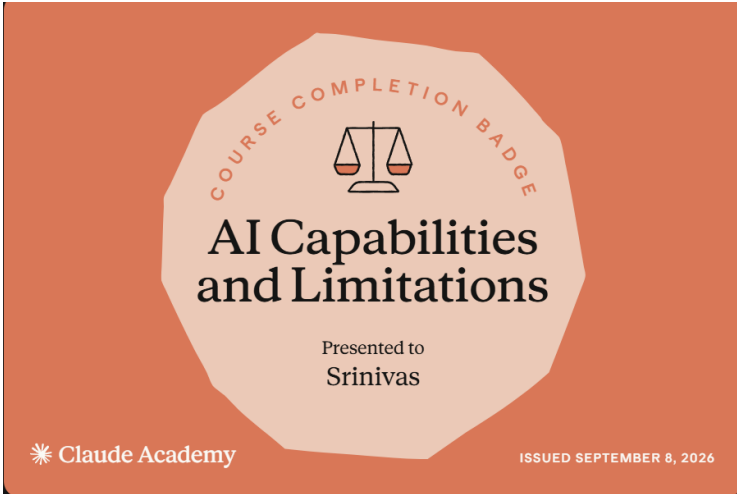

Understanding capability, limitations, fluency, and rollout decisions.

COMPLETED

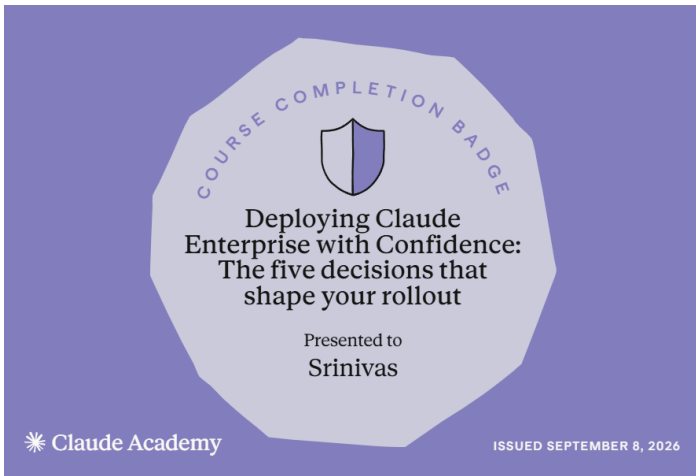

AI Fluency: Framework & Foundations

COMPLETED

AI Capabilities and Limitations

COMPLETED

Deploying Claude Enterprise with Confidence

10 COURSES • ONE CONNECTED LEARNING JOURNEY

From learning the tools to building with them.

The goal isn't collecting badges.
It's turning Claude Code, MCP, agents, context, and
enterprise AI concepts into practical systems.
